

Easy as 1,2,3 Peanut Butter Cookies

Show #134
from Nancy Ardalan

1 cup peanut butter
1 cup sugar
1 egg

In a bowl, mix the three ingredients together thoroughly. Place teaspoonfuls or small balls of dough on an ungreased cookie sheet; flatten slightly. Bake in a preheated 350 degree oven for 8-10 minutes, or until they start to brown.

The cookies will be soft and fragile when they come out of the oven, so, cool them on the cookie sheet until firm enough to remove to a cooking rack. Enjoy! Now, wasn't that easy?
