

**Show #127**  
**Coconut Cream Cake**  
from Jane Hanson

White pudding cake mix

Mix and bake by directions on cake mix. Let cool about five minutes.

Poke holes in cake with a drinking straw(not the really large water straw)

Mix 10 oz. cream of coconut and 1 can of Eagle brand condensed milk together (just use half of the mixture) and pour over cake. Freeze other half of mixture for the next cake.

Cool cake.

Topping:

Cream together 8 oz. Philadelphia cream cheese with 3 tablespoons powdered sugar.

Start out by folding a small amount of Cool Whip in first so it doesn't get lumpy. Fold in 12 oz. Cool Whip. Sprinkle with coconut flakes.
